Dear Adam

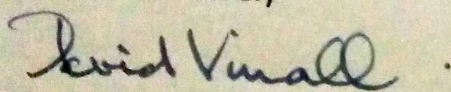

I write this letter to express my appreciation for the work you have done for me in preparing and repainting the rooves of my house, the garage and its doors. Also the particularly onerous task of stripping the underside of the front verandah and repainting it with heat reflective product produced an excellent finish.

The result from your recommendation of the Astec Heat Reflective Coating has been highly satisfactory, with a noticeable difference during the past very hot summer in the internal temperatures of the buildings that were painted.

I have no doubt the quality of your work and the materials used have considerably extended the life of the areas you have treated.

With my thanks and best wishes.

Yours sincerely

A handwritten signature in dark ink that reads "David Vinall". The signature is written in a cursive style with a small dot at the end.
